

**MINUTES OF THE SPECIAL MEETING
OF THE COMMISSIONERS OF THE
NASHUA HOUSING AND REDEVELOPMENT AUTHORITY
HELD ON DECEMBER 5, 2025**

The Commissioners of the Nashua Housing and Redevelopment Authority (NHRA) held its special meeting at the office of the Nashua Housing and Redevelopment Authority, 40 East Pearl Street, Nashua, New Hampshire, at 2:00 p.m. on Friday, December 5, 2025. Chairperson Eric Wilson called the meeting to order, and the Acting Recording Secretary called the roll at approximately 2:02 p.m. with the following responses:

James Tollner

Absent

Helen Honorow

The following persons were also present: Greg Chakmakas, Esq., Sheehan Phinney (telephonically); Robert Keating, Granite State Organizing Project; Lynn Lombardi, Executive Director, and Scott Costa, Acting Recording Secretary.

NEW BUSINESS:

Mr. Wilson asked Attorney Greg Chakmakas to provide an overview to the Board of Commissioners of the resolutions being presented and their purpose for clarity. Attorney Chakmakas explained that we are doing a twinning tax credit deal to fund the Maynard Homes Phase 1 project. He said the Phase 1 project leverages both nine percent and four percent tax credits which involves setting up distinct ownership structures for each of the nine and four components. The resolutions being presented will authorize the NHRA to form the entities, to serve as the fifty-one percent member and co-manager of the managing member of each general partner. Attorney Chakmakas said that general partner, in turn, controls the partnership entities that will own the projects and admits the equity investor. He explained that the resolutions will authorize the NHRA to deliver certain guarantees to the tax credit investor in exchange for their capital contributions to each project.

Mr. Wilson asked if there were any comments or discussion. Mr. Monahan said this structure is very similar to the Bronstein redevelopment project and is basically replicating what has been done there.

COMMISSIONER'S COMMENTS:

Mr. Tollner recognized the staff and Commissioners for the work on the Maynard Homes redevelopment project, the time spent, and the patience of everyone as we navigated this complex project in many aspects. Mr. Tollner thanked everyone.

Mr. Monahan said in the next couple of weeks there will be a lot going on finalizing everything. He said by December 22, we will have officially closed on everything with the final step being the bonding. He mentioned that there were still a few public meetings coming up but all the work has been done. Mr. Monahan thanked Greg Chakmakas of Sheehan Phinney and Kara Sweeney of Preti Flaherty for their legal representation. He said their knowledge and guidance has been fantastic with the complexity of the deal. Mr. Monahan also thanked Chairperson Eric Wilson for leading the way.

Mr. Wilson said he participates in a very small number of meetings that Mr. Monahan has been present at, and he looked forward to the opening of Monahan Manor too.

Mr. Wilson asked Attorney Greg Chakmakas if he had anything to add or any questions of the Board. Attorney Chakmakas said Mr. Monahan's summary of the closing is spot on and we should have everything pretty much substantially final before bond pricing on December 10,

real estate financing closing on December 15, and the bond funds will flow on December 22 so we are almost there.

ANY OTHER BUSINESS THAT MAY COME BEFORE THE BOARD:

None.

PUBLIC COMMENT:

Mr. Bob Keating congratulated the NHRA on a big move forward and asked with all the complexities what it means in terms of management of the property. Mr. Wilson said it will be similar to Bronstein. Mr. Keating asked if the property will be under the NHRA portfolio with a private management company overseeing the operation of the property. Ms. Lombardi said while there have been no final decisions it will likely be managed by an outside management company due to the complexity of a twinning project and compliance.

Mr. Monahan said Tremont Development Partners (TDP) has really acted as a consultant and they will exit the partnership when the project is ninety percent occupied, otherwise known as stabilization. He said he is assuming there will be a management company much like Monahan Manor, but no decisions have been made. He explained that in fifteen years the NHRA will buy out the tax credit investors and we will be the sole owners, but until then we will be the managing member of the property. He said the tax credit investors own 99.9 percent of the project during the fifteen-year period, but we are the exclusive managing member with our 0.01 percent. Mr. Wilson said with Monahan Manor, Tremont remained a partner for less than a year after certificates of occupancy were issued.

ADJOURNMENT:

The Chairperson entertained a motion to adjourn. Mr. Tollner moved to adjourn, and Mr. Deschenes seconded the motion.

There being no further discussion, the motion passed unanimously.

The meeting was adjourned at approximately 2:19 p.m.

Respectfully submitted,

Lynn M. Lombardi
Acting Recording Secretary
