

REPORT OF THE FINANCE COMMITTEE

NOVEMBER 5, 2025

A meeting of the Finance Committee was held on Wednesday, November 5, 2025, 7:19 p.m. in the Aldermanic Chamber and duly noticed in two places, including the City's website, in accordance with the requirements of RSA 91-A:2 II.

Mayor Jim Donchess, Chairman, presided.

Members of the Committee present: Alderman Patricia Klee, Vice Chair
Alderman-at-Large Melbourne Moran, Jr.
Alderman Tyler Gouveia, Clerk
Alderman Chris Thibodeau

Members not in Attendance: Alderman-at-Large Ben Clemons
Mayor Jim Donchess

Also in Attendance: Tim Cummings, Administrative Services Director
Amy Girard, Purchasing Manager
Nick Miseirvitch, CIO
Deb Chisholm, Sustainability Manager
Amy DeRoche, Property Manager
Dan Hudson, City Engineer
David Boucher, Superintendent of Wastewater
Jeff Lafleur, Superintendent of Solid Waste
Liz Hannum, Economic Development Director
Jon Ibarra, Superintendent of Streets
Mike Rush, Fleet Department Superintendent

Chairman Klee

Before we take roll call if everybody will just indulge me a little bit. We did this at the previous meeting but Alderwoman Timmons was a member of this Committee. So if we could all stand and have a quick moment of silence, I would truly appreciate that. Thank you. Mr. Clerk, will you please call the roll?

ROLL CALL

Chairman Klee

Mayor Donchess, obviously, the Chair has asked me to fill in because he is out of town and Alderman Clemons is ill and unable to make it.

PUBLIC COMMENT - None

COMMUNICATIONS

From: Amy Girard, Purchasing Manager

Re: Software Subscription: Placer.ai in the amount of \$55,938 funded from General Fund/55- Other Services

MOTION BY ALDERMAN GOUVEIA TO ACCEPT, PLACE ON FILE, AND APPROVE THE MULTI-YEAR RENEWAL FOR THE CONTINUED OPERATION OF PLACER.AI WITH PLACER LABS, INC., IN THE AMOUNT OF \$55,938. FUNDING WILL BE THROUGH DEPARTMENT: 120 TECHNOLOGY MAINTENANCE; FUND: GENERAL FUND/55- OTHER SERVICES

ON THE QUESTION

Nick Miseirvitch, City of Nashua Chief Information Officer

Thank you, Madam Chair. Nick Miseirvitch, Chief Information Officer for the City of Nashua. I come before you with this Placer. ai renewal. If you recall from last year, it was the first year that we proceeded with it. Economic Development utilizes this subscription to obtain statistics on events and then also shares that information with other departments like

Mayor's office, Community Development, etc. So this is just for the two-year renewal now because they offered a discount of 4% off the price if we signed a two-year agreement.

Chairman Klee

Thank you very much. Are there any questions?

The only question I have is we, and I know Director Hannum was probably here, we also share this I think with businesses – Ms. Hannum?

Liz Hannum, Economic Development Director

Liz Hannum, Economic Development Director. Yes, I have been sharing it with our downtown businesses as well as any other businesses that sign up to receive that information.

Chairman Klee

Thank you very much. Again, any questions? Seeing none.

MOTION CARRIED

From: Amy Girard, Purchasing Manager

Re: Change Order #1 for the Kronos Migration Project in the amount not to exceed \$128,000 funded from General Fund/ 54- Property Services

MOTION BY ALDERMAN GOUVEIA TO ACCEPT, PLACE ON FILE, AND APPROVE CHANGE ORDER #1 FOR A CHANGE IN SCOPE OF THE KRONOS MIGRATION PROJECT WITH MOSAIC CONSULTING GROUP IN THE AMOUNT NOT TO EXCEED \$128,000. FUNDING WILL BE THROUGH DEPARTMENT: 120 TECHNOLOGY MAINTENANCE; FUND: GENERAL FUND/54-PROPERTY SERVICES

ON THE QUESTION

Nick Miseirvitch, Chief Information Officer

Thank you, Madam Chair. Again, Nick Miseirvitch. This is for the Kronos migration project that was started back in March and I've been negotiating with them for the past two months regarding this change order to get all the information down for the reasoning of the change order. It's partly due to the extended timeline because this was supposed to be completed in October. Also, we added some items that were not on the original scope like training for our employees, certain problems that arose throughout discussions that would make it easier for departments when we get to this new version, and items like that. So this is just to get that change order processed so we can continue and finalize the migration.

Chairman Klee

Was the extended timeline due to the added items and changes or was it or more data than they expected or something?

Nick Miseirvitch, Chief Information Officer

A little bit of everything.

Chairman Klee

Okay, thank you. Any questions?

Alderman Thibodeau

So I see this is an add on for, thank you, for Phase I. Do we anticipate additional add-ons for Phase I and then on top of that how many phases are there if this is only Phase I if you know?

Nick Miseirvitch, Chief Information Officer

Well this is just for Phase I and this will be to complete Phase I. We're looking at a potential for Phase II but we will not know that until after we go live and see if there's anything outstanding or if any new issues arise that different departments would like to get addressed. So Phase II would be a totally separate project.

Alderman Thibodeau

Which would be driven by the outcome of the launch...

Nick Miseirvitch, Chief Information Officer

Right.

Alderman Thibodeau

...and full integration of Phase I?

Nick Miseirvitch, Chief Information Officer

Correct.

Alderman Thibodeau

Okay.

Chairman Klee

Any other questions?

MOTION CARRIED

From: Amy Girard, Purchasing Manager

Re: Change Order #9 for the Jackson Mills Turbine, Generator and Controls Replacement in the amount of - \$68,241.83 funded from Bond/ 81-Capital Outlay/Improvements

MOTION BY ALDERMAN GOUVEIA TO ACCEPT, PLACE ON FILE, AND APPROVE CHANGE ORDER 9 WHICH IS A REDUCTION IN THE TOTAL CONTRACT AMOUNT FOR UNUSED CONTINGENCY WITH BANCROFT CONTRACTING CORPORATION IN THE AMOUNT OF -\$68,241.83. FUNDING WILL BE THROUGH DEPARTMENT: 170 HYDROELECTRIC OPERATIONS; FUND: BOND/81-CAPITAL OUTLAY/IMPROVEMENTS

ON THE QUESTION

Deb Chisholm, Sustainability manager

Hi. Good evening. Deb Chisholm, Sustainability Department Manager. I know it's a little out of the ordinary that I'm coming in front of you and actually giving money back but here I am. Really the reason that I'm here giving money back is for the next change order item on the agenda, which I was actually unable to pay until I was able to unencumber these funds from the Bancroft contract. So while I wouldn't normally come to you and say hey, you know, I'm done. I don't need the, you know, the money anymore, we would normally do that just behind the curtain. I thought it was better to bring it in front of you so that you could see those funds are no longer being used, so we'll unencumber those and use them for the next change order you're about to see. So Bancroft was the contractor that did all of the contract work for the Jackson turbine replacement project, which is pretty close to construction complete. A couple of minor checklist items left.

Chairman Klee

Are there any questions?

MOTION CARRIED

From: Amy Girard, Purchasing Manager

Re: Change Order #7 for the Jackson Mills Turbine, Generator and Controls Replacement in the amount not to

exceed \$154,772.60 funded from Bond/ 81- Capital Outlay/Improvements

MOTION BY ALDERMAN GOUVEIA TO ACCEPT, PLACE ON FILE, AND APPROVE CHANGE ORDER #7 FOR THE ADDITIONAL COST OF EQUIPMENT TRANSPORTATION FROM THE CZECH REPUBLIC TO NASHUA, NH, RELATIVE TO THE JACKSON MILLS PROJECT WITH MAVEL AMERICAS, INC., IN THE AMOUNT NOT TO EXCEED \$154,772.60. FUNDING WILL BE THROUGH DEPARTMENT: 170 HYDROELECTRIC OPERATIONS; FUND: BOND/81-CAPITAL

ON THE QUESTION

Chairman Klee

Thank you. I remember when this was kind of stuck there before we brought it here. It had to sit there until we were ready for it if I'm correct?

Deb Chisholm, Sustainability Manager

Correct. The equipment was made in the Czech Republic and we did have to hold it as we were not ready to have it here and store it here, which would have required jumping through some hoops to keep the equipment safe and properly checked over that time period. So we did leave it with them but the transportation costs associated with getting that from point A to point B are as you can see, \$154,000 higher than we had originally anticipated. They were not - the company, DHL - was not our contractor. They were subcontractor to Mavel. So as you can see in the in the package they provided us with the letter in July indicating that once the equipment was delivered, they did attempt to negotiate a lower change in cost. The 154 was the was the final outcome of that.

Chairman Klee

Okay. I just have one quick question before I open it up. So that looks like there's about a difference of \$88,000 between these two or is this 150 – there's 154 plus the 68,000 is what it's going to cost us or is this just 154?

Deb Chisholm, Sustainability Manager

Just 154.

Chairman Klee

So the difference of that 88,000 between taking off that 66,00 - 68,000, I'm sorry, that is within the budget that you?

Deb Chisholm, Sustainability Manager

Hmm mmm.

Chairman Klee

Okay.

Deb Chisholm, Sustainability Department Manager

Correct.

Chairman Klee

I'm going to open any questions?

MOTION CARRIED

Deb Chisholm, Sustainability Department Manager

Thank you.

From: Amy Girard, Purchasing Manager

Re: Lead Paint Inspection, Risk Assessment and Clearance Services in the amount not to exceed \$560,000 funded from HUD Lead Hazard Reduction and Healthy Homes Grant/54- Property Services

MOTION BY ALDERMAN GOUVEIA TO ACCEPT, PLACE ON FILE, AND APPROVE A CONTRACT WITH NEW ENGLAND RESTORATIONS, LLC, DBA ABOVE THE REST INSPECTIONS FOR LEAD INSPECTION AND RISK ASSESSMENT SERVICES IN THE AMOUNT NOT TO EXCEED \$560,000. FUNDING WILL BE THROUGH DEPARTMENT: 184 URBAN PROGRAMS; FUND: HUD LEAD HAZARD REDUCTION AND HEALTHY HOMES GRANT/54-PROPERTY SERVICES

ON THE QUESTION

Amy Girard, Purchasing Manager

Good evening. Thank you. Amy Girard, Purchasing Manager. I am here on the request of the Community Development Division for the Lead Based Paint Hazard and Healthy Homes Grant Program. Director Sullivan was not able to attend this evening so I graciously offered to present this request and to attempt to answer any of your questions that you may have. That said, if you have detailed questions that you can't answer, Director Sullivan would be happy to write a separate communication and to answer those questions.

With that said, this request is a not to exceed dollar amount for Above The Rest Inspections for \$560,000, which will facilitate the lead inspection and risk assessment of up to 230 housing units during a three-year grant period with the city's Lead Grant Program.

By the way of a brief background, these inspections are part of the city's \$7,700,000 Lead Based Paint Hazard and Healthy Home Reduction Grant through the United States Department of Housing and Urban Development. You may recall that in early 2025, Director Sullivan came forward to you with this exact same contract for these services with a different vendor. Due to ongoing licensing challenges with the State of New Hampshire and that vendor, we have chosen to suspend that contract and proceed with securing other services, which we did, through a competitive procurement process.

Through that process, Above The Rest, LLC, was selected as a preferred vendor. While the federal government is currently shut down and the lead paint program is not intending to expend any monies or direct lead grant work, including the inspections included within this contract, the intent is to have the contract in place when the shutdown has ended. The contract will terminate on or before October 30, 2028 subject to the completion of all units within that grant. With that, I'd be happy to answer any questions that you may have.

Chairman Klee

I also spoke to Director Sullivan about this and he explained that there was a licensing issue with the previous vendor and we didn't want to just sit here and wait for that to unravel, and fix, and so on which is why we went back out for this. So we have technically already approved the facilitating of this funding and so on. This is just a new vendor. Ms. Girard is there any difference in the price from one vendor to the other or are we staying within the same price?

Amy Girard, Purchasing Manager

There is a slight cost difference. The previous contract was issued for \$584,310 and this one is looking for not to exceed amount of \$560,000. Some monies had been expended off of the previous contract and so I think that's where the difference is.

Chairman Klee

Okay. So it's probably about the same then.

Amy Girard, Purchasing Manager

It is fairly close together, yes.

Chairman Klee

Are there any questions? Seeing no questions.

MOTION CARRIED (Alderman Thibodeau in opposition)

From: Amy Girard, Purchasing Manager

Re: City Hall HVAC Upgrade in the amount not to exceed \$732,489 funded from Capital Improvements/ 81- Capital Outlay/Improvements

MOTION BY ALDERMAN GOUVEIA TO ACCEPT, PLACE ON FILE, AND APPROVE A CONTRACT WITH SCHROEDER CONSTRUCTION FOR THE INSTALLATION OF THE CITY HALL HVAC UPGRADE PROJECT IN THE AMOUNT NOT TO EXCEED \$732,489. FUNDING WILL BE THROUGH DEPARTMENT: 129 CITY BUILDINGS; FUND: CAPITAL IMPROVEMENTS/81-CAPITAL OUTLAYS/IMPROVEMENTS

ON THE QUESTION

Amy DeRoche, Property Manager

Good evening, Amy DeRoche, Property Manager for the City. This will start the long-awaited construction for the City Hall HVAC upgrades. This will install a brand-new boiler. The current boiler will become redundant which is something we're actually lacking right now since we're just down to the one and it'll also upgrade the areas of the building that need air conditioning upgraded. They can start immediately. The lead time for the boiler is less than one week to get that in. I'm happy to answer any questions or I have others here for more technical questions that you might have.

Chairman Klee

Okay. I just have one real quick question here. So you said the lead time is just one week for the boiler which would be once this got approved and so on we could get them started and before hopefully the first snowflake falls.

Amy DeRoche, Property Manager

Correct.

Chairman Klee

You'll have heat in this building.

Amy DeRoche, Property Manager

Yes.

Chairman Klee

We have it today, at least in this room, so. Are there any questions? Seeing none.

MOTION CARRIED

From: Amy Girard, Purchasing Manager

Re: Greeley Park Stone House Improvements Construction Change Order #4 in the amount not to exceed \$14,592.48 funded from General Fund/ 54- Property Services

MOTION BY ALDERMAN GOUVEIA TO ACCEPT, PLACE ON FILE, AND APPROVE CHANGE ORDER NO. 4 TO THE GREELEY PARK STONE HOUSE IMPROVEMENTS PROJECT WITH COBB HILL CONSTRUCTION IN THE AMOUNT NOT TO EXCEED \$14,592.48. FUNDING WILL BE THROUGH DEPARTMENT: 177 PARKS & RECREATION; FUND: GENERAL FUND/54-PROPERTY SERVICES

ON THE QUESTION

Dan Hudson, City Engineer

I am, yes. Thank you, Madam Chair. So Dan Hudson, City Engineer. This is a change order which pushes us over the \$25,000 threshold. There's been some previous change orders on this project at the Stone House at Greeley Park but this latest one pushes us over the 25 so that's why we're before you.

This one is for a tempered water system which is required by building code. Some of the other ones have been for miscellaneous plumbing changes and things like that. But overall, the project is tracking very well. We expect to be substantially complete by December 10th with final completion by the end of the year. The roof is on. Hopefully everybody's had a chance to drive by but this will help get us across the finish line with all things we need to do. I'd be happy to address any questions.

Chairman Klee

Thank you. And when you say tempered water, that means it doesn't get too hot is that what that means?

Dan Hudson, City Engineer

Yes, that's correct. It's not a super hot or super cold. It's tempered, so it's a mixture.

Chairman Klee

Okay, thank you. Are there any questions on this?

Alderman Thibodeau

Thank you. Does this put us over the original budgeted dollar figure?

Dan Hudson, City Engineer

No, we're still well within the total budget for the project.

Alderman Thibodeau

And a follow up?

Chairman Klee

Yes, please.

Alderman Thibodeau

So I looked into what a tempered water system is and what I saw was that in New Hampshire, it's been a requirement for public bathrooms for 15 to 20 years. So I'm curious why this was not already part of the plan and why it's a new add on thing.

Dan Hudson, City Engineer

It's good question. It wasn't in the plans. I guess our architect didn't have it in there. I don't know exactly why. I don't know if they thought it was different class of building or anything like that but it did come to our attention through the Building Department and so we are adding it in. The contractor, it's no fault of theirs, they didn't bid it because it wasn't in there to bid. So it's something that we need to add in to be compliant with the codes.

Chairman Klee

Any further questions? I know I worked at the VA and oftentimes you would turn that faucet on in that water was hot. So I'm glad that the State has done it. I think Massachusetts is the same way, so.

MOTION CARRIED

From: Amy Girard, Purchasing Manager

Re: Tinker Road Guardrail Project in the amount not to exceed \$27,350 funded from General Fund/ 71- Equipment

MOTION BY ALDERMAN GOUVEIA TO ACCEPT, PLACE ON FILE, AND AWARD A CONSTRUCTION CONTRACT FOR TINKER ROAD GUARDRAIL INSTALLATION TO CWS FENCE AND GUARDRAIL IN THE AMOUNT NOT TO EXCEED \$27,350. FUNDING WILL BE THROUGH DEPARTMENT: 161 STREETS; FUND: GENERAL FUND/71-EQUIPMENT

ON THE QUESTIONChairman Klee

Mr. Hudson, is this you as well?

Dan Hudson, City Engineer

It is. So there's a sharp corner on Tinker Road in the vicinity number 360. Unfortunately, it's been the site of some severe crashes because the sharpness of the curve. People have gotten off the road and crashed into the woods. There's even been fatalities out there. So we made several attempts to mitigate this through signage and other things but there's continued crashes. So we have temporarily put up some jersey barrier out there to prohibit people, you know, leaving the road and entering the woods in the backyards of residents. But we seek to replace that with traditional guardrail.

So we bid out a project. We only got one bid. It was from CWS Fence and Guardrail of Andover. CWS is one of the primary companies that installs guardrail throughout New Hampshire and New England. So we're very comfortable with them and their pricing was in line with what we were expecting to receive based upon other NHDOT bids and the like. So we're proposing to move forward with CWS to install the guardrail. I'd be happy to address any questions.

Chairman Klee

Thank you. As a person who drives through there all the time, I've seen how fast people go around those corners and so on.

I do have one quick question. The guardrail versus the jersey barriers that are there at the moment, I get anxious about jersey barriers being there, and that people crash into them, and they don't survive versus a guardrail which will just slow them down. Is that kind of part of the primary or is it more for the esthetics that we're moving from the jersey barriers to the guardrails?

Dan Hudson, City Engineer

I'd say some of both. I mean jersey barriers are not necessarily meant for a permanent treatment and the standards have changed for those over the years. They're more for construction activity. They do a good job of stopping cars but they are pretty unforgiving. Guardrail will yield a little bit better so it's a little bit safer for the drivers, but both have the same effect in that they'll keep vehicles from traversing out into the woods where I think some of the problems have been that the vehicle rolled over, so. All of these are, you know, they're not something you want to hit if you can avoid it in your car because they're still a physical barrier. But this guardrail will be a little bit safer than jersey barriers in our opinion.

Chairman Klee

Thank you. Are there any other questions?

MOTION CARRIED

From: Amy Girard, Purchasing Manager

Re: Change Order #3 for Sewer Contract 1 in the amount not to exceed \$1,000,000 funded from Bond/ 54- Property Services

MOTION BY ALDERMAN GOUVEIA TO ACCEPT, PLACE ON FILE, AND APPROVE CHANGE ORDER NO. 3 TO THE 2025 SEWER REPLACEMENT PROJECT CONTRACT 1 WITH CRISP CONTRACTING IN THE AMOUNT NOT TO EXCEED \$1,000,000. FUNDING WILL BE THROUGH DEPARTMENT: 169 WASTEWATER; FUND: BOND/54- PROPERTY SERVICES

ON THE QUESTIONChairman Klee

Mr. Hudson is this you again?

Dan Hudson, City Engineer

This is my last one, Madam Chair. In 2025, we had bid out a sewer project contract one. We actually bid out a couple of them but this first contract was awarded to Crisp Contracting under a low bid scenario. Crisp Contracting is a local company. They've been great to work with. They've been completing work under this 2025 contract to raise manholes make other sewer repairs. Some of them are emergency repairs. But at any rate as we wind down the year, they're out of funding. Since the relationship's been good, we're seeking to extend their contract, add in another million dollars to basically reset their budget for the remainder of this year and into next year.

There has been two other no cost change orders. Those have been to, you know, modify some items and add some items in, things that we didn't have in the contract or weren't clarified. So that's our request is to continue the relationship we have going here and have them available for planned sewer work but as well as emergency sewer work. I'd be happy to address any questions.

Chairman Klee

Thank you. Any questions? Seeing none.

MOTION CARRIED

From: Amy Girard, Purchasing Manager

Re: Gas Monitoring System Replacement in the amount not to exceed \$400,879 funded from WERF/ 81- Capital Outlay/Improvements

MOTION BY ALDERMAN GOUVEIA TO ACCEPT, PLACE ON FILE, AND APPROVE A CONTRACT WITH TC CONTROLS GROUP FOR THE PURCHASE AND INSTALLATION OF GAS MONITORING SAFETY EQUIPMENT THROUGHOUT THE WASTEWATER TREATMENT FACILITY IN THE AMOUNT NOT TO EXCEED \$400,879. FUNDING WILL BE THROUGH DEPARTMENT: 169 WASTEWATER; FUND: WERF/81-CAPITAL OUTLAY/IMPROVEMENTS

ON THE QUESTION

David Boucher, Superintendent of Wastewater

Good evening. Dave Boucher, Wastewater Superintendent. This is for the purchase and installation of the new gas monitoring system to replace the existing system which was due for replacement in FY26 as part of our work upgrade program. This system protects our employees from being in unsafe places. It includes replacing all the controllers, the alarms, and the sensors. The sensors measure oxygen, methane, and hydrogen sulfide, and I'd be happy to answer any questions.

Chairman Klee

Are there any questions? Seeing none.

MOTION CARRIED

From: Amy Girard, Purchasing Manager

Re: 2025 Landfill Gas Collection System Expansion in the amount not to exceed \$379,120 funded from Bond/ 54- Property Services

MOTION BY ALDERMAN GOUVEIA TO ACCEPT, PLACE ON FILE, AND APPROVE A CONTRACT WITH J. BATES & SON, LLC, FOR THE CONSTRUCTION OF THE 2025 LANDFILL GAS COLLECTION SYSTEM EXPANSION PROJECT IN THE AMOUNT NOT TO EXCEED \$379,120. FUNDING WILL BE THROUGH DEPARTMENT: 168 SOLID WASTE; FUND: BOND/54-PROPERTY SERVICES

ON THE QUESTION

Chairman Klee

Mr. Lafleur are you here for this one?

Jeff Lafleur, Superintendent of Solid Waste

Yes, Ma'am. Jeff Lafleur, Superintendent Solid Waste. This is my annual gas expansion for the landfill to collect any odors or gasses out of the landfill and send it to the electricity plant next to ours.

Chairman Klee

Are there any questions? Seeing none.

MOTION CARRIED

From: Amy Girard, Purchasing Manager
Re: PFAS Leachate Removal Pilot Program Test Engineering Services in the amount not to exceed \$324,100 funded from Grant/ 53- Professional & Technical Services

MOTION BY ALDERMAN GOUVEIA TO ACCEPT, PLACE ON FILE, AND APPROVE A CONTRACT WITH SANBORN HEAD & ASSOCIATES TO PROVIDE ENGINEERING OVERSIGHT OF THE FOUR HILLS LANDFILL LEACHATE PFAS REMOVAL AND DESTRUCTION PILOT TEST IN THE AMOUNT NOT TO EXCEED \$324,100. FUNDING WILL BE THROUGH DEPARTMENT: 168 SOLID WASTE; FUND: GRANT/53-PROFESSIONAL & TECHNICAL SERVICES

ON THE QUESTION

Jeff Lafleur, Superintendent of Solid Waste

Jeff Lafleur Superintendent Solid Waste. So I don't know if you remember a few months ago I came in asking to accept a grant from DES. They want us to do a pilot program trying to remove PFAS. We went through the grant process and this is the continuance of it. We needed to secure an engineer to help design and build the project.

Chairman Klee

So may I ask if this funding is within that grant amount or?

Jeff Lafleur, Superintendent of Solid Waste

Yes it is.

Chairman Klee

Are there any questions? Seeing none.

MOTION CARRIED

From: Amy Girard, Purchasing Manager
Re: Riverfront Project: Renaissance Park Art Mural in the amount not to exceed \$105,000 funded from Riverfront TIF Fund/ 70 Project Contingency

MOTION BY ALDERMAN GOUVEIA TO ACCEPT, PLACE ON FILE, AND AWARD A CONTRACT FOR THE WATER STREET WALL MURAL IN RENAISSANCE PARK WITH J. GRAHAM STUDIOS, LLC, IN THE AMOUNT NOT TO EXCEED \$105,000. FUNDING WILL BE THROUGH DEPARTMENT: 183 ECONOMIC DEVELOPMENT; FUND: RIVERFRONT TIF FUND/70 PROJECT CONTINGENCY

ON THE QUESTION

Liz Hannum, Economic Development Director

Liz Hannum, Economic Development Director. I'll just provide a little overview. This is the Riverfront Project. We had planned a mural along the Water Street Bridge wall. It's from about five feet to about 20 feet tall, and it's almost 200 feet long, and this will be from the TIF bond account. So this was planned as part of the original scope of work. It is within our overall budget. It is slightly over what we budgeted in 2019 for this. We budgeted \$100,000 and we're at \$105,000. So we're pretty close considering it's been a few years since we budgeted that amount.

But as a public art project, I did ask the Arts Commission to take over the process of actually deciding on what mural. So I brought Arts Commissioner to tell you what the process is.

Lauren Spira-Savett, Nashua Arts Commissioner

Thank you. Laurie Spira-Savett. Good evening. Thanks for having me. Liz asked me to explain how the process that we follow differed from the process they'd followed in the past. So in the past, an RFQ would go out and city employees would decide who would be the successful muralist. So in this case, the process differed in a couple ways. First, it was selected by a committee representing different groups who had a vested interest in the mural. So we had Alderman Tom Lopez, four people from the city, including one from Department of Public Works, and one from Sustainability. We had a representative from Clock Tower Place, two members of the Richelieu Club, and two Nashua Arts Commission members.

Turning to the process, it differed in that there were sort of two rounds of voting instead of one. There was an RFQ that went out. We had 21 submissions. The Committee met to narrow the 21 to 3 using an established set of criteria. Following the selection of the 3 finalists, the whole Committee had an opportunity to meet with the finalists and share what their priorities were. So going into the final submissions, they had all the information that they needed.

In our third and final meeting, the Committee was asked to review the more complete submissions, which included a fully developed concept for the mural as well as ideas on community engagement. So we met and we voted on a winning design and it was unanimous in selecting J. Graham. Any questions from anyone?

Chairman Klee

Just one quick question.

Lauren Spira-Savett, Nashua Arts Commissioner

Sure.

Chairman Klee

The person that was selected from J. Graham Studios, they are in no part part of the Arts Commission, correct?

Lauren Spira-Savett, Nashua Arts Commissioner

That's correct.

Chairman Klee

Okay, thank you. Are there any other questions?

Alderman Thibodeau

I'm just curious. Out of the 21 submissions were any of them at least on the east coast closer to New Hampshire?

Lauren Spira-Savett, Nashua Arts Commissioner

Yes, there were some on the East Coast. There were two actually from New Hampshire and we discussed them very carefully. Again, we were evaluating them against criteria the we agreed on and in the end - well one of them was a finalist. We picked somebody else.

Chairman Klee

Is that all Alderman Thibodeau?

Alderman Thibodeau

Yeah? Well...

Chairman Klee

Please.

Alderman Thibodeau

Follow up.

Chairman Klee

Absolutely.

Alderman Thibodeau

Yeah, so more just general comment on the item that's being voted on. As an artist, I mean I think the world's a better place with art in it. I'm just not gonna - with things the way they are I'm not gonna vote for it because I don't think we should be budgeting it. So unfortunately, I'm gonna be voting no on it but I think it is a cool mural but I'm gonna be voting no on it.

Chairman Klee

Okay.

Alderman Moran

I was gonna make a point of how much time and payroll it probably it went into to select \$105,000 bidding person. I know some of these people are also volunteers but also yes given the time, I won't be voting for it unfortunately.

Lauren Spira-Savett, Nashua Arts Commissioner

Okay.

Chairman Klee

Any other questions? Alderman, I mean sorry - Director Hannum?

Liz Hannum, Economic Development Director

Yes, I'll just address too.

Chairman Klee

Please.

Liz Hannum, Economic Development Director

This is not - this is out of the TIF fund. It's not being budgeted out of general funds just so you're - just in case that was a factor.

Unidentified Speaker

Thank you.

Chairman Klee

And may I follow up? This is also was within the plan of the Riverfront Project is that correct?

Liz Hannum, Economic Development Director

Yes, yeah, it's always been on the agenda for this piece so we went through a lot of process. We did have some staff time involved in this but as part of the arts commission process, that is how we are doing this going forward.

Chairman Klee

Okay. Are there any other questions on that?

Liz Hannum, Economic Development Director

No other questions?

Chairman Klee

I'm going to make a comment on it. I think it's a worthwhile project and the reason why I'm going to say it is prior the mural that was there was of all the businesses and so on, so it's for the people that live in the area, the people that are going to be doing this. There's always been some kind of an art thing there. Considering that it was in a budget for \$100,000 and we're only adding the \$5,000 more over it, it's always been in the plan. It's always been part of the plan. I think we do a disservice to the people that are in there plus the project itself if we just, you know, turn it down because we say we don't want to spend this \$105,000. I'm all for trying to save as much money as possible but I don't think nickel and diming this particular project is the right thing to do. But, you know, we're all individuals here, and we all have our vote.

I have a feeling that it will go down and to speak to Alderman Moran's comment, it is part of the staff's job is to kind of look at all these projects. We wouldn't want Director Hannum - and by all means I will let you - we wouldn't want Director Hannum just to pick it or just the Commission to pick it. I think bringing in all the different elements of it. Alderman Lopez is not just an Alderman but he like yourself, he's an artist as well. So we bring that eye in. The Arts Commission - it's the first time we've engaged the Arts Commission. We have this Commission there to do things and up to this point, they do good work but they do a lot of just handing out grants. This is kind of bringing them into the fold of helping the city make decisions. I think this is one of the first times that we've really used them for this and I thought it was really great that we were doing something like that. But again, I'm not here to change anybody's mind. I just wanted to give that added information. Mr. I mean, oh my God, I'll get this out here eventually. Alderman Moran, please.

Alderman Moran

I approach to clarify. I just was pointing out and highlighting the time and energy it goes for that small grant. I'm voting no against it because of the crisis of the unhoused in the city and I feel that it's inappropriate to expend \$105,000 on a mural at this moment when our warming shelter is not open. I just want to clarify it's nothing to do with the work that's been done or the value that art brings to the city and downtown economic machine down there. But unfortunately, they have another problem that they've very clearly expressed to this Board and I can't see supporting this right now when we have to address the other problems they brought to us that are much more urgent according to them.

Chairman Klee

I also need to clarify that this is TIF money and we cannot take this money to do that and I understand. I'm not disagreeing with these...

Alderman Moran

Morality, it's just morality.

Chairman Klee

And please by all means, I get your points that you're making but even if we wanted to, we could not take this money towards the resource center or towards the warming station. But I understand taking the high ground and, again, I don't try to change anybody's mind. I just want to give the information, so.

Liz Hannum, Economic Development Director

I'll just make one more point. If this does not happen, then it will be a gigantic gray blank wall for lots and lots of graffiti to end up there. So just kind of putting it out there that we will have to expend money probably doing anti-graffiti paint on there no matter what whether it's a mural or not, so. That was included in the \$105,000.

Chairman Klee

So you're saying that currently there's going to be anti-graffiti paint on it anyways?

Liz Hannum, Economic Development Director

After the mural, yes. If there is no mural, then we will likely have to buy additional anti-graffiti paint to put on there.

Chairman Klee

Do we know how much that costs?

Liz Hannum, Economic Development Director

It's very expensive.

Chairman Klee

Okay.

Liz Hannum, Economic Development Director

I mean it's not \$105,000 but it is a lot more expensive than regular paint.

Chairman Klee

Okay. So regardless, so we don't know how much of this \$105,000 – so this \$105,000 does not include the...?

Liz Hannum, Economic Development Director

No, it does.

Chairman Klee

It does include that graffiti paint so, but we don't know how much of that is?

Liz Hannum, Economic Development Director

No, I don't unfortunately. I can look it up for you though. We do buy some for DPW does buy some for other parts of the city so there may be some but...

Chairman Klee

Okay. But it's still an expense whether we're using stuff we have or stuff that we have to purchase. It's still...

Liz Hannum, Economic Development Director

Yeah.

Chairman Klee

...ultimately an expense. Yeah, it would have been nice to know how much of this \$105,000 is that?

Liz Hannum, Economic Development Director

Yeah, sorry.

Chairman Klee

That's okay.

Alderman Thibodeau

I believe it's a line item in the presentation.

Liz Hannum, Economic Development Director

Is it?

Chairman Klee

Okay. I'm sorry I missed that.

Liz Hannum, Economic Development Director

In the proposal?

Alderman Thibodeau

Thank you. Yes.

Liz Hannum, Economic Development Director

Yes.

Chairman Klee

Okay, I apologize I missed that.

Alderman Thibodeau

If you wanted an answer right now, but I think it's...

Chairman Klee

I guess I did not see that. Hold it. I see here, yeah. It must be under the material and labor is that correct?

Alderman Thibodeau

I believe that's where it was.

Liz Hannum, Economic Development Director

Yeah.

Chairman Klee

Okay. So we're looking at \$70,000 but I have a feeling that that \$70,000 is inclusive of it. It's not all of it, right? Okay.

Alderman Thibodeau

It's just under their warranty notation.

Liz Hannum, Economic Development Director

Yes.

Chairman Klee

Yeah, yeah.

Liz Hannum, Economic Development Director

So...

Chairman Klee

So we don't know how much of this is going to be.

Liz Hannum, Economic Development Director

I don't unfortunately but we can certainly get that information if this doesn't pass.

Chairman Klee

Okay. Is anybody interested in waiting to get that information or just? Nope, okay. I'm gonna take the vote then.

MOTION FAILED

From: Amy Girard, Purchasing Manager
Re: Winter road salt in the amount not to exceed \$545,000 funded from General Fund/ 61-Supplies & Materials

MOTION BY ALDERMAN GOUVEIA TO ACCEPT, PLACE ON FILE, AND APPROVE THE PURCHASE OF WINTER ROAD SALT FROM EASTERN MINERALS AND GRANITE STATE MINERALS IN THE AMOUNT NOT TO EXCEED \$545,000. FUNDING WILL BE THROUGH DEPARTMENT: 161 STREETS; FUND: GENERAL FUND/61-SUPPLIES & MATERIALS

ON THE QUESTION

Jon Ibarra, Superintendent of Streets

Thank you, Madam Chair. Good evening all. This motion before you is for the procurement of our winter road salt for this season. Granite State and Eastern Minerals are a conglomerate and they were awarded the State of New Hampshire bid and we're piggybacking on that contract through our purchasing guidelines. I am happy to answer any questions you may have.

Chairman Klee

Are there any questions?

MOTION CARRIED

From: Amy Girard, Purchasing Manager
Re: John Deere 624P-Tier Wheel Loader with Plow Package in the amount not to exceed \$399,800 funded from CERF/ 81- Capital Outlay/Improvements

MOTION BY ALDERMAN GOUVEIA TO ACCEPT, PLACE ON FILE, AND APPROVE THE PURCHASE OF ONE (1) 624P-TIER JOHN DEERE WHEELED LOADER FROM UNITED CONSTRUCTION AND FORESTRY IN THE AMOUNT NOT TO EXCEED \$399,800. FUNDING WILL BE THROUGH DEPARTMENT: 161 STREETS; FUND: CERF/81-CAPITAL OUTLAY/IMPROVEMENTS

ON THE QUESTION

Mike Rush, Fleet Department Superintendent

Thank you, Madam Chair. Good evening, everyone. This is a scheduled purchase for the Street Department. This loader is used in daily operations throughout the city, including snow plow operations. It's a vital piece of equipment that we use year-round. The warranty is a little bit different on this loader than previous loaders and that's just due to the type of equipment that it currently comes with due to the expensive components that are with it. So we opted to go with an extended warranty on this unit to cover those for the life of its use. There will be a trade in value added to the quote, which should be at the end of the page, and it will be under the scheduled CERF purchase. So there was a little bit of a savings there for the fund. I'm happy to answer any questions you have on this purchase.

Alderman Thibodeau

Was the reduced, I can't find my note. Is the reduced cost strictly because of the trade in. Because two weeks ago, you had all kinds of awesome news where everything was way cheaper than we planned on.

Mike Rush, Fleet Department Superintendent

Yes, a little bit.

Alderman Thibodeau

Yeah.

Mike Rush, Fleet Department Superintendent

It would've come in under budget under the scheduled purchase anyway, but the trade in did help offset that number a lot more.

Alderman Thibodeau

Very cool.

Mike Rush, Fleet Department Superintendent

I don't have that specific number. I want to say it was around \$30,000.

Chairman Klee

Any other questions?

MOTION CARRIED

From: Amy Girard, Purchasing Manager

Re: Purchase of two (2) 2026 Ford F-350 4 Wheel Drive Trucks with Upfit in the amount not to exceed \$182,872 funded from CERF/ 81- Capital Outlay/Improvements

MOTION BY ALDERMAN GOUVEIA TO ACCEPT, PLACE ON FILE, AND APPROVE THE PURCHASE OF TWO (2) 2026 FORD F-350 4 WHEEL DRIVE TRUCKS WITH SNOW PLOW PACKAGES AND INSTALLATION OF THE RADIO SYSTEM FROM GRAPPONE FORD IN THE AMOUNT NOT TO EXCEED \$182,872 (\$91,436 EACH). FUNDING WILL BE THROUGH DEPARTMENT: 177 PARK & RECREATION; FUND: CERF/81-CAPITAL OUTLAY/IMPROVEMENTS

ON THE QUESTION

Mike Rush, Fleet Department Superintendent

Thank you, Madam Chair. Michael Rush, Fleet Superintendent. This is also a scheduled purchase for the Park Department maintenance vehicles. So these two vehicles are showing signs of corrosion to the undercarriage and the other components that are with the vehicle. They also have snow fighter packages on them for winter operations. They're equipped with utility bodies that carry all kinds of tools for the parks, the pools, and the stadiums that they maintain. We keep them locked up and safe in the truck. Happy to answer any questions you have on this. It's a pretty standard purchase and they also came in a little under budget.

Chairman Klee

Was this warranty also for the extended life of use or is this just a?

Mike Rush, Fleet Department Superintendent

That is correct. We are doing the extended warranties on these units and still maintaining the CERF budget.

Chairman Klee

Okay, thank you very much. Any other questions?

MOTION CARRIED

From: Amy Girard, Purchasing Manager

Re: Limited Design Services for the Keefe Auditorium in the amount not to exceed \$79,500 funded from General Fund/ 54- Property Services

MOTION BY ALDERMAN GOUVEIA TO ACCEPT, PLACE ON FILE, AND AWARD A CONTRACT WITH ICON ARCHITECTURE, INC., FOR "LIMITED-DESIGN" WORK FOR A CONCEPTUAL DESIGN/PLAN FOR THE KEEFE AUDITORIUM IN THE AMOUNT NOT TO EXCEED \$79,500. FUNDING WILL BE THROUGH DEPARTMENT: 129 CITY BUILDINGS; FUND: GENERAL FUND/54-PROPERTY SERVICES

ON THE QUESTION

Tim Cummings, Administrative Services Director

Yes, thank you Madam Chair. Tim Cummings, Director of Administrative Services. I'm here before you this evening to ask for your favorable approval of this contract. If you recall, the Board of Aldermen relatively recently approved a resolution to put monies into this department's budget to be able to undertake this contract. It was a transfer out of contingency. I say that to you so you have some context and what it is, is the Keefe Auditorium wants to work with an architect to obtain some assistance in understanding what a potential concept could look like for a renovated Keefe Auditorium and they would work with these design professionals in a limited manner studying this. It's time sensitive in the sense that this data and evaluation needs to occur prior to moving forward with any of the proposals that we have before us to redevelop the Elm Street Middle School.

Competitive selection was undertaken. We received about 10 proposals. The Keefe Auditorium had designated two members of their commission to review the proposals. It was narrowed down to three and ultimately Icon Architecture was selected based on their price and also their understanding of performing arts centers as they have past experience.

So there was a scope developed, and the scope is in line with the expectations of the Keefe Auditorium. Basically, there's three differing concepts that want to be studied with this architect and the design professionals that we'd be procuring which one of them would be construction management firm to help with cost estimates. I'll close by saying that the contract falls exactly in line with the resolution that was filed and recently approved by the Board of Aldermen. Thank you.

Chairman Klee

Thank you. Are there any other questions on this?

Alderman Thibodeau

Just to make sure I understood. Did you say that this is choosing one of the developers for the school project is contingent on this moving forward?

Tim Cummings, Administrative Services Director

Yes. Yes and let me explain a little bit as to why that's the case. I don't believe there would be agreement within the Board of Aldermen to move one of the proposals forward, either proposal, any proposal, one of those proposals forward until the Keefe Auditorium Commission had an opportunity to opine as to how much space they will need. Not just the Keefe Auditorium itself but to create a lobby area, land area around it that will be part of this study. That information will be then provided to the Board of Aldermen and also to the respondents. They will be able to potentially adopt their proposal based on this data and then the Board of Aldermen will be able to make a more informed decision.

Chairman Klee

Follow up? Yes?

Alderman Thibodeau

Makes perfect logic sense. I just don't ever remember that tidbit coming up and if it did, I missed it but it makes sense. I get it. It was just...

Tim Cummings, Administrative Services Director

If I could?

Chairman Klee

Please, by all means.

Tim Cummings, Administrative Services Director

It has been a new development.

Alderman Thibodeau

Okay.

Tim Cummings, Administrative Services Director

You did not miss anything.

Alderman Thibodeau

Alright.

Tim Cummings, Administrative Services Director

But as we've been evaluating and moving the redevelopment of the Elm Street Middle School forward, this was an issue that rose to the top.

Chairman Klee

Thank you. Any other questions?

So, again, just to clarify what Alderman Thibodeau had asked and so on, we just can't move forward with the other proposals until we have an idea of what this overall would be is that correct?

Tim Cummings, Administrative Services Director

I wouldn't use the word "can't".

Chairman Klee

Okay.

Tim Cummings, Administrative Services Director

I wouldn't recommend it.

Chairman Klee

Okay.

Tim Cummings, Administrative Services Director

And I believe you would be doing yourselves a potential disservice. We've worked really hard and fast to be able to get this because the two groups that we're evaluating have been on the table working with us for a while. So that's why I'm saying this is a little time sensitive only in fairness to the private sector. You know, this was a newer issue that arose. We want to get the details and the data to you so you can make an informed decision. So I'm hopeful this contract gets approved because I have an internal goal of trying to get this underway between now and ideally December/January. It's a limited scope of work but then, you know, sometime around the holidays or right after the first of the year, you'd be able to then proceed and have more of this data for the evaluation.

Chairman Klee

Thank you. Are there any other questions? Please, Alderman Thibodeau?

As part of this effort, because I know one of the big hang ups before was all of the facility stuff is at the far end of the school and whether we were going to tie in or all that kind of stuff. Is this effort going to take into account being a self-sustaining facility?

Tim Cummings, Administrative Services Director

Yes.

Alderman Thibodeau

Okay.

Chairman Klee

Any further questions?

MOTION CARRIED

NEW BUSINESS – RESOLUTIONS – None

NEW BUSINESS – ORDINANCES – None

TABLED IN COMMITTEE

From: Amy Girard, Purchasing Manager

Re: Library Plaza Design and Construction Administration Services Amendment #5 in the amount not to exceed \$39,684 funded from Capital Improvements/ 53- Professional & Technical Services

RECORD OF EXPENDITURES

MOTION BY ALDERMAN GOUVEIA THAT THE FINANCE COMMITTEE HAS COMPLIED WITH THE CITY CHARTER AND ORDINANCES PERTAINING TO THE RECORD OF EXPENDITURES FOR THE PERIOD FROM OCTOBER 10, 2025 TO OCTOBER 30, 2025

MOTION CARRIED

GENERAL DISCUSSION - None

PUBLIC COMMENT - None

REMARKS BY THE ALDERMEN

Alderman Thibodeau

I don't usually have any but to the art (inaudible), I appreciate the hard work that when into it. I do and so it's has nothing to do with that effort so and I get that vote probably stung and hurt a lot of people, but I can appreciate the effort that went into it. But I also can appreciate that it stung a little bit. So just wanted to say that.

Chairman Klee

Thank you, Alderman Thibodeau. Any other remarks by the Aldermen?

Alderman Moran

I just want to thank everyone for the election yesterday. All the poll workers and, of course, the City Clerk. I know we'll have a chance at the full BOA. And congratulations to all the winners and those of you who ran and served who didn't, I appreciate the time that you gave to us here and I look forward to seeing you guys in the community.

Chairman Klee

Thank you. Any other comments?

Okay. I'd like to also extend my congratulations to those who did win their election and I hate to say condolences to those who didn't but those that will be leaving us, you really will be missed and so on.

But I also want to make a comment that I've heard that Alderwoman at-Large Elect Alicia Gregg will get sworn in to take the vacated seat by Alderwoman at-Large Timmons and we'll probably do that at the next Board of Aldermen. It will not be on Tuesday because it's a holiday and it will be held on Thursday, which I think is the 13th. So we will see some things there and I just want to say Alderwoman Timmons will be missed and her services will be, I believe, on the 23rd of November. I believe the information will be in the obituary as well, so.

ADJOURNMENT

**MOTION BY ALDERMAN THIBODEAU TO ADJOURN
MOTION CARRIED**

The Finance Committee meeting was adjourned at 8:13 p.m.

Alderman Tyler Gouveia
Committee Clerk
